

>> Retail Industry:

Like you, customer satisfaction is top of mind for us, too.

Quick Reference Guide:

Retail is in an ever-changing operating environment. Sustaining growth and profitability means keeping an airtight lock on spend, costs and process efficiency to turn shifting challenges into concrete enterprise opportunities.

With two decades of source-to-pay and contract management experience, Determine has become the technology partner of choice for a retail industry seeking to achieve Process Under Management.

Through the modular Determine Cloud Platform, we enable you to achieve the visibility, agility and digital transformation that empower better, faster business decisions. Decisions that will help you enjoy a distinct competitive advantage and improve bottom-line results.

79% spend under management

achieved by using contract management as part of procurement compared to only 45% for laggards (Aberdeen)
